

EMERGENCY RESPONSE - HAZARDOUS MATERIAL OR CHEMICAL SPILL

- All individuals need to be removed from the spill area using the nearest entrance/exit doors.
- Contaminated individuals will be removed from the area using the nearest entrance/exit doors and taken outdoors.
- An accompanying team member must stay a safe distance from the contaminated individual and monitor the contaminated individual(s) wellbeing while waiting for clinical support from the Spill Team and being transported to decontamination.

If you need further information, refer to the Environment of Care Page on the Hannibal Regional Intranet.
